CORPORATE GOVERNANCE REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022

General Information

Warwyck Phoenix PCC, (the “Company” or the “PCC”), was incorporated in the Republic of Mauritius on 21 August 2014 as a private company with liability limited by shares. It is also a Protected Cell Company and was converted into a public company by special resolution on 3 May 2016. The Company holds a Global Business Licence issued by the Financial Services Commission and was authorised to operate as a Collective Investment Scheme on 8 October 2014.

Principle 1: Governance Structure

- 1.1 The Company holds a Global Business Licence and is not defined as a public interest entity in line with section 2 of the Financial Reporting Act.
- 1.2 The Board and Management of the Company are committed to ensuring and maintaining a high standard of corporate governance within the Company. The Board recognises that the National Code of Corporate Governance for Mauritius 2016 (the “Code”) is regarded as best practice and, therefore, uses its best endeavours to ensure compliance with the provisions set out in the Code.

The Board regularly monitors and evaluates compliance with its established ethical principles and standards.

The Board of Directors assumes full responsibility for leading and controlling the organisation and meeting all legal and regulatory requirements. In addition, the Board is collectively responsible for the long-term success, reputation and governance of the Company.

- 1.3 The Company has reassessed its Board Charter as well as its Code of Ethics copies of which are available on the Company’s website or upon written request to the Company Secretary.
- 1.4 The Board Charter provides a clear definition of the roles and responsibilities of the Chairperson, executive directors as well as the Company Secretary. The role of the Chairperson is distinct and separate from that of the Chief Executive Officer (“CEO”) and there is clear division of responsibilities with the Chairperson leading the Board and the Chief Executive Officer managing the day-to-day operations.

Independent professional advice is available to directors in appropriate circumstances, at the Company's expense.

CORPORATE GOVERNANCE REPORT (CONTD)

FOR THE YEAR ENDED 31 DECEMBER 2022

Principle 4: Directors' duties, Senior executive remuneration and performance (Contd)

4.3.3 Board Information (Contd)

The board members are aware that matters relating to the Company, learned in their capacity as Directors, are strictly confidential and private and shall not be divulged to anyone without the express authority of the Board.

The Company Secretary maintains an interest register which is available to shareholders upon written request.

4.3.4 Board evaluation

An independent evaluation of the performance of the Board, its Committees and individual Directors was carried out by Anex Management Services Limited for the financial year ended 31 December 2022. The evaluation exercise was led by the Chairperson of the Board.

The objective of the performance appraisal of the Board was inter alia:

- To assess the performance of the Board against the vision, objectives and strategy of the Company and its cells;
- To assist the Board and its committees in highlighting their key competencies and strengths; and
- To identify and correct weaknesses and provide opportunities for sound development of the Board.

The evaluation exercise was carried through a structured evaluation process covering various aspects of the Board's functioning such as composition of the Board & Committees, experience & competencies, performance of specific duties & obligations, contribution at the meetings and otherwise, independent judgment and governance issues.

A structured questionnaire was prepared after taking into consideration inputs received from the Chairperson, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, board culture, execution and performance of specific duties, obligations and governance.

All Directors were required to participate in the evaluation survey. The evaluation of the performance of the Board was done at two levels. First, the overall performance of the Board was evaluated through a questionnaire, based on criteria such as the board composition, size, gender, strategic planning, role of the Chairperson, non-executive directors and other senior management, assessment of the timeliness and quality of the flow of information by the Company to the Board and adherence to compliance and other regulatory issues. At the second level, the directors were required to do a self-evaluation of their performance, still through a questionnaire.

The Board self-evaluation is carried every two years, as resolved by the Board on 09 November 2018. A Board self-evaluation exercise was carried out for the financial year ending 31 December 2022 and the next evaluation exercise is expected for the financial year ending 31 December 2024.

4.3.5 Directors' remuneration

The Board reasonably believes that the current remuneration policy is fair and reasonable having regard to the skills, knowledge and experience brought by the Directors to the Company. The Board has reviewed the adequacy of directors' and senior executives' remuneration together with the form of that remuneration and has deemed such remuneration to be adequate.

Non-executive remuneration

The independent directors' fee amounts to USD 20,000 for the ended 31 December 2022. Independent Non-executive directors have not received remuneration in the form of share options or bonuses associated with the Company's/Cells' performance.

CORPORATE GOVERNANCE REPORT (CONTD)

FOR THE YEAR ENDED 31 DECEMBER 2022

Principle 4: Directors' duties, Senior executive remuneration and performance (Contd)

4.3.5 Directors' remuneration (Contd)

The below table shows the annual Independent Non-Executive Directors' fees on an individual basis:

Name of Directors	Fees in USD (2022)
Shameer Mohuddy	10,000
Oumila Sibartie	10,000
Total Amount	20,000

Executive remuneration

Directors who are in full time employment with the Company (i.e., Mr. Youmeshwar Ramdhony, Mr. Frank Brusco and Mr. Navinchandra Chattoor) are entitled to a fixed salary as per their contract of employment. They do not receive any additional remuneration for attending Board meetings and Committees.

Principle 5: Risk Governance and Internal Control

The Board is ultimately responsible for the Company's system of internal control and for reviewing its effectiveness.

The Board has the overall responsibility for the Company's systems of risk management and internal control and for reviewing their effectiveness. The responsibility for setting risk strategy remains with the Board but the responsibility for assessing and assuring the quality of the risk management process has been delegated to the Audit and Risk Committee. In its bid to promote sound and balanced growth, the Board places key emphasis on the Company's risk management framework and internal control system.

The Company has entered into a Service Level Agreement with WPBL for various services, including general internal audit support. As part of internal control system, the PCC has a Procedure Manual in place for implementing, maintaining and monitoring the internal controls. The activities of the PCC are subject to internal audit reviews. The objective of those functional reviews is to identify the risks involved in a view to mitigate the risks to a certain level.

The areas, systems and processes covered by the internal audit which also include non-financial matters are listed on the internal audit plan which is approved by the Audit and Risk Committee. The internal auditor is authorised to have full and unrestricted access to records, personnel, and physical properties relevant to the performance of its engagements.

The internal audit regularly reports to the Audit and Risk Committee which meets twice yearly. Hence, internal audit reports are tabled to the Audit and Risk Committee while also obtaining reports from the Company's external auditor.

The reports from the internal and external auditors are, thereafter, tabled directly to the Board.

5.1 Risk Management and internal controls

The Audit & Risk Committee under the supervision of the Board is responsible for determining the overall strategic direction and the proper risk management strategy and policies of the Company. It sets the appropriate risk level and tolerance of the Company. The risk strategy covers all the major risk areas in which the Company has significant exposure. The risk management framework is based on diversification and acceptable levels of exposure/limits to different asset classes, currencies, issuers, regions and risk levels.

CORPORATE GOVERNANCE REPORT (CONTD)

FOR THE YEAR ENDED 31 DECEMBER 2022

Principle 5: Risk Governance and Internal Control (Contd)

5.1 Risk Management and internal controls (Contd)

The Company has established control procedures to mitigate any operational risks related to the management of the Company. The major risk areas addressed are investment, liquidity, currency risks and supervisory control. Management is responsible for the implementation of internal control and risk management systems under the supervision of the Audit & Risk Committee which ensure that proper accounting records are maintained and that the strategies and policies adopted by the Board are being implemented.

The Audit & Risk Committee has monitored and reviewed the Company's strategic, financial, operational and compliance risk during the year under review.

In addition, the internal auditors ensure that appropriate controls are in place to mitigate all potential risk areas of the Company and their recommendation is considered by the Audit & Risk Committee on a regular basis. The internal auditor covers all key areas of activities, including IT. Any deviation in policies and non-performance of internal control are duly reported and discussed at large at management and Audit & Risk Committee levels.

Corrective actions are promptly taken, and regular follow ups are done. This enables the Board to derive assurance that the internal control systems are effective.

Based on the issues or risks identified by the internal and external auditors, their recommendations and management actions adopted to mitigate the risks, the Board received assurance that the internal control systems are adequate and effective. Subsequently, the Board ensures that controls in place result in an acceptable level of risk with the Audit and Risk Committee overseeing the effectiveness of the Company's internal control systems. The Board has ensured that risk management framework have been communicated to management and all existing and new employees as appropriate to their roles within the organisation and has ensured that communication has been effective and understood.

The Board is of the opinion that all significant areas of the business are covered by the internal controls of the Company. Management acknowledges that there may be risks and deficiencies in the internal controls and actively works in close collaboration with the internal audit function and the external auditors in identifying/ resolving risks or deficiencies in the organisation's system of internal controls.

5.2 Whistleblowing rules and procedures

The Company has adopted the whistle blowing policy of WPBL.

For any suspicious or illegal transactions or behaviour, officers and directors are encouraged to lodge reports promptly to the Money Laundering Officer as per the Financial Intelligence and Anti Money Laundering Act 2002 and Prevention of Corruption Act 2002.

5.3 Financial risk

The financial risk factors have been set out in note 4 of these financial statements.

CORPORATE GOVERNANCE REPORT (CONTD)

FOR THE YEAR ENDED 31 DECEMBER 2022

Principle 6: Reporting with integrity

The directors are responsible for the preparation and fair presentation of the financial statements, comprising the Company's and the cells' statement of financial position, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended, and the notes to the financial statements, which include a summary of significant accounting policies and other explanatory notes, in accordance with International Financial Reporting Standards ("IFRS"), the Financial Reporting Act 2004, and the Mauritian Companies Act 2001.

The directors' responsibility includes designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of these financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Notice of Annual Meeting is sent to shareholders in a timely manner and minutes of Annual Meetings are sent to shareholders for review and comments, in accordance with the Mauritian Companies Act 2001.

The directors assess the Company's ability to continue as a going concern and same is disclosed in the financial statements every year.

Due to the nature of its activities the Company has:

- no adverse impact on environment;
- no health and safety issues;
- no adverse social issues;
- no corporate social responsibility in place; and
- not made any donations during the current or in previous year.

The Statement of Directors Responsibilities is found on Page 4 and 5 of the Annual Report.

The Annual Report of the Company will be published on the Company's website, within ninety (90) business days after the financial year-end.

Principle 7: Audit

7.1 Internal Audit

The internal audit function of the Company is carried out by WPBL by virtue of the SLA. As the internal audit team is not involved in the Company's operations and are independent from the activities of the Company, the Board does not consider that there is any independence issues. The internal auditor regularly reports to the Audit and Risk Committee which meets twice yearly.

More information on the internal audit function is given under Principle 5 and on page 21 and 22 of the Corporate Governance Report.

7.2 Audit Committee

The Audit Committee assists the Board in overseeing the financial reporting process to ensure the balance, integrity and transparency of the financial information. It also monitors internal control processes and ensures compliance with relevant laws and regulations.

CORPORATE GOVERNANCE REPORT (CONTD)

FOR THE YEAR ENDED 31 DECEMBER 2022

Principle 7: Audit (Contd)

7.2 Audit Committee (Contd)

- (i) The Annual Audit Reports were tabled during the Committee meeting dated 29 March 2022 and no major areas of concern were identified. The Committee recommended the Annual Audit Reports for the Board's approval.
- (ii) The Audit Committee also took note of the Key Issues Memorandum.
- (iii) The Audit Committee during its meeting for the year under review discussed the internal procedure manuals and the external audit findings. The Audit Committee is of opinion that the internal controls of the Company are adequate and effective.

7.3 External Audit

Nexia Baker & Arenson has been appointed as the External Auditors as from the financial year ended December 2022.

The appointment/reappointment of external auditors is subject to shareholder's approval at the Annual Meeting.

Audit fees payable to Nexia Baker & Arenson for the year under review amounted to USD 25,000, excluding VAT.

Principle 8: Relations with Shareholders and other key stakeholders

8.1 Shareholders' Agreement

There are no agreements in place between the Company and any shareholder.

8.2 Employee Share Option Plan

The Company has no Employee Share Option Plan in place.

8.3 Third Party Management Agreement

No agreement relating to management services between third parties and the Company was entered during the year under review.

8.4 Shareholders and Stakeholders communication

The Board of Directors places great importance on transparency and optimal disclosure to shareholders and hence ensures that shareholders are kept informed on matters affecting the Company. All material business developments that influence the Company or the cells are communicated to stakeholders in a transparent and timely manner through various communication channels including official press announcements.

Annual audited financial statements are provided to shareholders and investors of the cells of the PCC within ninety (90) business days after each financial year-end.

Shareholders are also invited to attend the Company's Annual Meeting, which remains the ideal forum for discussions with Directors and the Management Team. Through the services of the Company Secretary, notice of the Annual Meeting or other Shareholder meetings and other related papers are provided to Shareholders at least 21 days prior to such meetings. The Management presents the major operational development of the Company during the Annual meeting and Shareholders are invited to raise any questions and discussions they deem necessary.

CORPORATE GOVERNANCE REPORT (CONTD)

FOR THE YEAR ENDED 31 DECEMBER 2022

Principle 8: Relations with Shareholders and other key stakeholders (Contd)

8.5 Key Stakeholders

Key stakeholders of the Company include international financial institutions and/or their relevant divisions (banking/custody/brokerage/asset management) with which the Company is in regular communication to ensure that all the requirements of the stakeholders are met for proper business conduct and for them to also understand the Company's requirements and exigencies.

8.6 Dividend policy

The Company declares dividend in accordance with the Companies Act 2001 of Mauritius. Payment of dividend is approved by the Board. The aim of the Board is to provide its shareholders with a fair return on their investments. In line with sound management principle, dividend declaration is subject to positive results and solvency test as defined by the Mauritius Companies Act 2001.

8.7 Appreciation

The Board expresses its appreciation and gratitude to all those involved for their contribution during the year.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF Warwyck Phoenix PCC

Report on the Financial Statements

Opinion

We have audited the financial statements of **Warwyck Phoenix PCC** (the "Company") set out on pages 29 to 50 which comprise the statement of financial position as at 31 December 2022, statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 December 2022, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and comply with the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the Annual report, Corporate Governance Report, Statement of compliance with Code of Corporate Governance and the Certificate from the Secretary. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Corporate Governance Report

Our responsibility under the Financial Reporting Act is to report on the compliance with the Code of Corporate Governance disclosed in the annual report and assess the explanations given for non-compliance with any requirements of the Code. From our assessment of the disclosures made on Corporate Governance in the annual report, the Cell has, pursuant to section 75 of the Financial Reporting Act, complied with the requirements of the Code.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF Warwyck Phoenix PCC

Report on the Financial Statements (continued)

Directors' Responsibilities for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF Warwyck Phoenix PCC****Report on the Financial Statements (continued)*****Auditor's Responsibilities for the Audit of the Financial Statements (continued)***

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our Report

This report is made solely to the Company's members, as a body, in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's members, those matters that we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Report on Other Legal and Regulatory Requirements***Mauritius Companies Act 2001***

We have no relationship with or interests in the Company other than in our capacity as auditors.

We have obtained all information and explanations we have required.

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

1. General information and statement of compliance with International Financial Reporting Standards (“IFRS”)

Warwyck Phoenix PCC, “the Company”, was incorporated in the Republic of Mauritius under the Mauritius Companies Act 2001 on 21 August 2014 as a private company with liability limited by shares. It holds a Global Business Licence issued by the Financial Services Commission. The Company is licensed to act as Collective Investment Scheme Manager pursuant to the Securities Act 2005. The Company’s registered office is Warwyck House, Nalletamby Road, Phoenix 73538, Republic of Mauritius. Pursuant to a special resolution of the sole shareholder dated 03 May 2016, the status of the Company was changed to a public company with liability limited by shares. On 14 November 2016, eight Cells of the Company became listed on the Stock Exchange of Mauritius Ltd and at 31 December 2022, the Company had two listed Cells (2021: two listed cells).

The Company is a Protected Cell Company (PCC) organised as a Collective Investment Scheme (CIS) and is categorised as an expert fund pursuant to the Securities Act 2005 and the regulation made hereunder.

For each series of Shares issued, the Company establishes a separate and distinct Protected Cell in order to segregate assets and liabilities attributable to a particular Class of Share of the Company from the assets and liabilities attributable to other classes of Shares.

The financial statements have been prepared in accordance with IFRS as issued by the International Accounting Standards Board (“IASB”).

1. Adoption of new and revised International Financial Reporting Standards

2.1 Standards, Amendments to published Standards and Interpretations effective in the reporting period

The following standards and interpretations apply for the first time to financial reporting periods commencing on or after 01 January 2022:

Framework – Amendments to IFRS 3. Minor amendments were made to IFRS 3 Business Combinations to update the references to the Conceptual Framework for Financial Reporting and to add an exception for the recognition of liabilities and contingent liabilities within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets and Interpretation 21 Levies. The amendments also confirm that contingent assets should not be recognised at the acquisition date.

These amendments had no impact on the financial statements of the Company.

Onerous Contracts – Cost of Fulfilling a Contract. Amendments to IAS 37 The amendment to IAS 37 clarifies that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts. Before recognising a separate provision for an onerous contract, the entity recognises any impairment loss that has occurred on assets used in fulfilling the contract.

These amendments had no impact on the financial statements of the Company.

Property, Plant and Equipment: Proceeds before intended use – Amendments to IAS 16. The amendment to IAS 16 Property, Plant and Equipment (PP&E) prohibits an entity from deducting from the cost of an item of PP&E any proceeds received from selling items produced while the entity is preparing the asset for its intended use. It also clarifies that an entity is ‘testing whether the asset is functioning properly’ when it assesses technical and physical performance of the asset. The financial performance of the asset is not relevant to this assessment. Entities must disclose separately the amounts of proceeds and costs relating to items produced that are not an output of the entity’s ordinary activities.

These amendments had no impact on the financial statements of the Company.

2.2 Standards, Amendments to published Standards and Interpretations effective in the reporting period (continued)

Annual Improvements to IFRS Standards 2018–2020

The following improvements were finalised in May 2020:

- IFRS 9 Financial Instruments – clarifies which fees should be included in the 10% test for derecognition of financial liabilities
- IFRS 16 Leases – amendment of illustrative example 13 to remove the illustration of payments from the lessor relating to leasehold improvements, to remove any confusion about the treatment of lease incentives.
- IFRS 1 First-time Adoption of International Financial Reporting Standards – allows entities that have measured their assets and liabilities at carrying amounts recorded in their parent's books to also measure any cumulative translation differences using the amounts reported by the parent. This amendment will also apply to associates and joint ventures that have taken the same IFRS 1 exemption.

These amendments had no impact on the financial statements of the Company.

IAS 41 Agriculture – removal of the requirement for entities to exclude cash flows for taxation when measuring fair value under IAS 41. This amendment is intended to align with the requirement in the standard to discount cash flows on a post-tax basis.

These amendments had no impact on the financial statements of the Company.

2.3 Standards, Amendments to published Standards and Interpretations issued but not yet effective

Certain standards, amendments to published standards and interpretations have been issued that are mandatory for accounting periods beginning on or after 1 January 2022 or later periods, but which the Company has not early adopted.

IFRS 17 Insurance Contracts IFRS 17 was issued in May 2017 as replacement for IFRS 4 Insurance

Contracts. It requires a current measurement model where estimates are remeasured in each reporting period. Contracts are measured using the building blocks of:

- discounted probability-weighted cash flows
- an explicit risk adjustment, and
- a contractual service margin (CSM) representing the unearned profit of the contract which is recognised as revenue over the coverage period.
- Classification of Liabilities as Current or Non-current – Amendments to IAS 1
- Disclosure of Accounting Policies – Amendments to IAS 1 and IFRS Practice Statement 2
- Definition of Accounting Estimates – Amendments to IAS 8
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to IAS 12
- Sale or contribution of assets between an investor and its associate or joint venture – Amendments to IFRS 10 and IAS 28.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies

3.1 Overall considerations

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

3.2 Financial instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument. Subsequent measurement of financial assets and liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

All financial assets are initially measured at fair value adjusted for transaction costs.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- Amortised cost;
- Fair value through profit or loss (FVTPL); and
- Fair value through other comprehensive income (FVOCI).

In the current year, the Company does not have any financial assets categorised as FVOCI and FVTPL.

The classification is determined by both:

- the Company's business model for managing the financial asset.
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance income, finance costs or other financial items, except for impairment of receivables which is presented within other expenses.

All income and expenses relating to financial assets are recognised in the statement of comprehensive income.

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies (Contd)

3.2 Financial instruments (Contd)

Subsequent measurement of financial assets (Contd)

Financial assets at amortised cost (Contd)

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents and other receivables fall into this category of financial instruments.

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. For the Company, instruments within the scope of the new requirements include mainly other receivables.

Recognition of credit losses is no longer dependent on the Company's first identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- Financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1"); and
- Financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ("Stage 2").

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognized for the first category while 'lifetime expected credit losses' are recognized for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Classification and measurement of financial liabilities

The Company's financial liabilities comprise of payables and accruals.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Company designated a financial liability at fair value through profit or loss.

Subsequent measurement of financial liabilities

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies (Contd)

3.2 Financial instruments (Contd)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3.3 Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank and bank overdrafts. Cash equivalents are short term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

3.4 Equity, reserves and dividend payments

Stated capital is determined using the value of shares that have been issued.

The management shares are non-redeemable and are classified as equity.

Retained earnings include all the current year and prior years' results.

Dividend payments to equity shareholder are included in retained earnings when the dividends have been approved by the Board prior to the reporting date.

3.5 Revenue recognition

To determine whether to recognise revenue, the Company ensures that the following 5 conditions are satisfied:

1. Identifying the contract with a customer.
2. Identifying the performance obligations.
3. Determining the transaction price.
4. Allocating the transaction price to the performance obligations.
5. Recognising revenue when/as performance obligation(s) are satisfied.

Interest income and management income is accounted on an accrual basis unless collectability is in doubt.

Subscription and/or redemption income, performance income, dividend income and other income are recognised when the right to receive payment is established.

3.6 Expense recognition

All expenses are accounted for on the accrual basis in the statement of comprehensive income.

3.7 Income tax

Tax expense recognised in the statement of comprehensive income comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting years, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies (Contd)

3.7 Income tax (contd)

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

Deferred tax assets and liabilities are calculated, without discounting, at tax rates that are expected to apply to their respective year of realisation, provided they are enacted or substantively enacted by the end of the reporting year.

Deferred tax assets are recognised to the extent that it is probable that they will be able to be utilised against future taxable income, based on the Company's forecast of future operating results which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. Deferred tax liabilities are always provided for in full.

Deferred tax assets and liabilities are offset only when the Company has a right and intention to set off current tax assets and liabilities from the same taxation authority.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

Functional and presentation currency

The financial statements are presented in United States Dollar ("USD"), which is also the functional currency of the Company.

Foreign currency transactions are translated into the functional currency of the Company, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of comprehensive income.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

3.9 Impairment of assets

At each reporting date, the Company reviews the carrying amount of its assets to determine whether there is any indication that these assets have suffered an impairment loss. When an indication of impairment loss exists, the carrying amount of the asset is assessed and written down to its recoverable amount.

3.10 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. At the time of the effective payment, the provision is deducted from the corresponding expenses. All known risks at reporting date are reviewed in detail and provision is made where necessary.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies (Contd)

3.11 Plant and equipment

Plant and equipment are initially recognised at acquisition cost or manufacturing cost, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management. Plant and equipment are subsequently measured using the cost model, cost less subsequent depreciation and impairment losses.

Depreciation is recognised on a straight-line basis to write down the cost less estimated residual values. The depreciation rates are as follows:

Furniture – 20%

Hardware – 25%

Where the carrying amount of an asset is greater than its estimated amount, it is written down immediately to its recoverable amount.

Gains or losses arising on the disposal of plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss within “other income” or “other expenses”.

The assets’ residual values, useful lives and methods of depreciation are reviewed and adjusted, if appropriate, at each reporting date. Repairs and maintenance costs are expensed.

3.12 Intangible assets

Intangible assets are amortised over the estimated useful lives on a straight line basis commencing from the year in which assets are available to the Company for its use. The management estimated useful live for the intangible asset is as follows:

Software - 16.67%

3.13 Related party

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

3.14 Post-employment benefits and short-term employee benefits

National pension scheme

Contributions to the National Pension Scheme are expensed to the statement of comprehensive income in the year in which they fall due.

Short-term employee benefits

Short-term employee benefits, including passage benefit, holiday entitlements, sick and local leaves are included in salaries and related costs.

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies (Contd)

3.15 Comparatives

Where necessary, comparatives figures have been adjusted to conform to changes in presentation in the current year.

3.15 Significant management judgements in applying accounting policies and estimation uncertainty

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgement

Significant management judgement in applying the accounting policies of the Company that has the most significant effect on the financial statements.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the USD.

Allocation of expenses

The directors determine the revenues and expenses directly attributable to each cell of the Company. For those revenues and expenses that cannot be directly allocated to their specific cell, the classification between the cells involve significant judgement.

Going concern

The World Health Organisation (“WHO”) declared the new coronavirus (“COVID-19”) outbreak to be a pandemic on 11 March 2020. The spread of COVID-19 has severely impacted many local economies around the globe. In many countries, businesses are being forced to cease or limit operations for long or indefinite periods of time. The directors acknowledge the current outbreak of COVID-19 and its adverse impact on industries and markets. The directors have assessed that COVID-19 had no significant impact on the business operations and results for the year ended 31 December 2022. However, the long term impact of COVID-19 on the Company’s operations is still unclear and the directors are monitoring the situation closely and have adopted various measures to mitigate the risk involved such as business continuity planning so that it does not affect the going concern of the Company.

With the ongoing war in Ukraine, the world economy is likely to be negatively impacted with the following:

- Increase in petrol prices
- Further increase in raw material prices
- Increase in volatility of foreign currencies
- Possible disruption of supply chain and logistics

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

3. Summary of accounting policies (Contd)

3.15 Significant management judgements in applying accounting policies and estimation uncertainty

Estimation uncertainty (continued)

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. At year end, management considered that the useful lives represent the expected utility of the assets of the Company. The carrying amounts are analysed in Note 8.

4. Financial instrument risk

Risk management objectives and policies

The Company is exposed to various risks in relation to financial instruments. The Company's financial assets and liability by category are summarised below:

Amortised cost	2022	2021
	USD	USD
Financial assets		
Current		
Other receivables	703,417	359,082
Cash and cash equivalents	182,080	205,207
Total financial assets	885,497	564,289
Financial liability		
Current		
Payables and accruals	765,497	15,930

The main types of risks are market risk (including foreign exchange risk and interest rate risk), credit risk and liquidity risk. The Company's risk management is coordinated by management in close cooperation with the Board of Directors and focuses on securing the Company's short to medium-term cash flows by minimising the exposure to financial markets.

The most significant financial risks to which the Company is exposed are described below.

4.1 Market risks analysis

The Company is exposed to market risk through its use of financial instruments and specifically to currency risk, which result from both its operating and investing activities.

Foreign currency sensitivity

The Company is exposed to foreign exchange risk arising from its currency exposures, primarily with respect to the EURO (EUR) and Mauritian Rupee (MUR). Consequently, the Company is exposed to the risks that the exchange rate of the United States Dollar (USD) relative to the EUR and MUR may change in a manner which has a material effect on the reported values of the Company's assets and liabilities which are in these currencies. The Company does not use any financial instruments to hedge its foreign exchange risk.

The Company manages its foreign currency exposures by forecasting its need for foreign currencies.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

4. Financial instrument risk (Contd)

4.1 Market risks analysis (Contd)

Foreign currency sensitivity (Contd)

Foreign currencies denominated financial assets and liability which expose the Company to currency risks are disclosed below:

	2022	2021
	USD	USD
Financial assets		
CHF	404,652	-
MUR	4,283	42,684
USD	39,088	421,300
EUR	431,448	100,305
Total	879,471	564,289
Financial liability		
USD	765,498	15,930

The table below illustrates the sensitivity of profit and equity in regard to the EUR/USD and MUR/USD exchange rates “all other things being equal”.

It assumes the following percentage changes in the exchange rates:

	2022	2021
	% change	% change
CHF	0.90%	8.66%
EUR	6.07%	7.37%
MUR	0.31%	(11.55)%

These percentages have been determined based on the average market volatility in exchange rates in the previous 12 months. The sensitivity analysis is based on the Company’s foreign currency financial instruments held at each reporting date.

If the USD had strengthened against the stated currencies by the above percentages, then this would have had the following impact:

	2022	2021
	USD	USD
	Loss and equity	Profit and equity
CHF	(3,642)	-
EUR	(26,189)	(7,392)
MUR	(13)	5,015
Total	(29,844)	(2,377)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

4. Financial instrument risk (Contd)

4.1 Market risks analysis (Contd)

Foreign currency sensitivity (Contd)

If the USD had weakened against the stated currencies by the above percentages, then this would have had the following impact:

	2022	2021
	USD	USD
	Profit and equity	Loss and equity
CHF	3,642	-
EUR	26,189	7,392
MUR	13	(5,015)
Total	29,844	2,377

Exposures to foreign exchange rates vary during the year depending upon the volume of overseas transactions. Nonetheless, the analysis above is considered to be representative of the Company's exposure to currency risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's exposure to interest rate risk is limited to its bank balance and the interest thereon is based on market rates. At 31 December 2022, the bank balance stood at **USD 182,080** (31 December 2021: USD 205,207) and no interest was earned during the financial year (31 December 2021: Nil).

4.2 Credit risk analysis

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has policies in place to deal with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company has no history of default clients. The Company continuously monitors defaults of customers and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties.

The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2022	2021
	USD	USD
Current		
Other receivables	703,417	359,082
Cash and cash equivalents	182,080	205,207
Total	885,497	564,289

The credit risk for the other receivables relates to amounts due from the Cells and hence the directors consider that no risk is associated with these balances.

The carrying amount of financial risks recorded in the financial statements represents the Company's maximum exposure to credit risk.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

4. Financial instrument risk (Contd)

4.2 Credit risk analysis (Contd)

The credit risk for cash and cash equivalents is considered negligible, since the counterparties are reputable banks with high credit-ratings assigned by international credit-rating agencies.

4.3 Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Ultimate responsibility for liquidity risk management rests with the holding company which also monitors the Company's short, medium and long-term funding and liquidity management requirements. The Company manages its liquidity risk by maintaining adequate bank balances through timely recovery of receivables.

The Company's financial liabilities have contractual maturities within one year which are summarised below:

	2022	2021
	USD	USD
Payables and accruals	765,497	15,930

5. Capital management policies and procedures

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns to its shareholder.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid, buy back shares or issue new shares.

The Company monitors capital on the basis of the gearing ratio. The Company was not geared at 31 December 2022 and 31 December 2021 as it does not have any external borrowings.

6. Fair value measurement

6.1 Fair value measurement of financial instruments

The Company's financial instruments are measured at their carrying amounts, which approximate their fair values.

6.2 Fair value measurement of non-financial assets and non-financial liabilities

The Company's non-financial assets consist of plant and equipment and current tax asset and its non-financial liabilities consist of current tax liabilities.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

7. Taxation

7.1 Income tax

The Company, being resident in Mauritius, is liable to income tax in Mauritius on its chargeable income at the rate of 15%. The Company has received its Global Business Licence (“GBL1”) on or before 16th October 2017 and is grandfathered under the provisions of the Finance (Miscellaneous Provisions) Act 2018 (“FA 2018”). As from 1st July 2021, the Company’s GBL1 licence will be automatically converted to a Global Business Licence (“GBL”). The Company will therefore operate under the current tax regime up to 30th June 2021.

Until 30th June 2021, the Company’s foreign sourced income is eligible for a foreign tax credit which is computed as the higher of the Mauritian tax and the foreign tax on the respective foreign sourced income. The foreign tax for a GBL1 company is based on either the actual foreign tax charged by the foreign jurisdiction or a deemed foreign tax. The deemed amount of foreign tax is based on 80% of the Mauritian tax on the relevant foreign sourced income. In computing its total actual foreign tax credit, the Company is allowed to pool all of its foreign sourced income. The Company’s GBL1 licence will convert to a GBL licence on 1st July 2021 and will operate under the new tax regime. Under the new regime, the Company will be able to claim an 80% partial exemption on specific types of income (including foreign dividends and interest), subject to meeting pre-defined substance conditions. Other types of income not falling within the categories of income benefitting from the partial exemption will be taxed at 15%. As an alternative to the partial exemption, the Company can claim a tax credit against its Mauritius tax liability based on the foreign tax charged on the income in the foreign jurisdiction.

The Company has received a tax certificate from the Mauritian tax authorities that it is a tax resident of the Republic of Mauritius, and such certification is renewed on an annual basis subject to satisfying certain conditions.

The Company is subject to the Advance Payment Scheme (APS) under Section 50B and 50C of the Mauritian Income Tax Act 1995 whereby it is required to submit an APS statement and pay tax quarterly on the basis of either last year’s income or the income for the current quarter.

At 31 December 2022, the Company had a net income tax asset of **USD 15,464** (2021: USD 25,374) and the income tax charge for the year was **USD Nil** (2021: USD 20,622).
